

## GLENFIDDICH

# 18 YEARS OLD

The American and European oak casks we use to mature our 18 Year Old expression impart many layers of complexity. Our highly skilled coopers ensure the integrity of the liquid inside the casks, using traditional techniques to create a deep, rewarding single malt.

## COLOUR

Many people find this expression is subtly darker than our 12 Year Old. The liquid develops a rich bronze colour as it matures.

## NOSE

The first nose is always very full and rich and I instantly pick up aromas of orchard fruit and baked apple. Take your time when nosing, as I've found that these aromas continue to develop into a spiciness with hints of cinnamon.

## TASTE

Like the nose, the taste is full and rich, with dried fruit and just a hint of citrus. As the taste develops, you might uncover a hint of dates or baked apple as you share the liquid across your palate.

## FINISH

There's a beautiful oakiness that runs all the way through our 18 Year Old expression, from the very first nose to the incredibly distinguished finish that's slow, lingering and delicious.
